

Invitation to Asset Management training

EFNSM (the European Federation of National Maintenance Societies) is excited to invite you to a comprehensive full-day training session focused on Asset Management by the ISO 55000 standards and GFMAM AM Landscape. This training program has been developed by EFNSM to help you gain the knowledge and skills required to obtain the **Awareness in Asset Management Certificate - AAMC**.

AAMC serves as the initial step in the WPiAM Global Certification Scheme, which is partly aligned with the EFNMS Maintenance validation scheme.

Global Certification Scheme

The WPiAM technical team has endorsed EFNMS as a Recognised Training Provider (RTP) that meets the requirements for the AAMC https://www.wpiam.com/en_uk/aamc-endorsed-qualifications/.

Throughout this interactive training session, you will have the unique opportunity to delve deep into basic asset management concepts and principles. EFNSM will provide invaluable guidance on leading AM practices and industry standards, ensuring you have the knowledge and skills to pass the certificate. It has many years of experience in maintenance and asset management.

Date: upon request

Time: upon request

Location: upon request

Maximal number of participants: 20 (25)

Your active participation in this training is highly recommended, as it will undoubtedly serve as a key stepping stone in achieving your basic knowledge of Asset Management and **AAMC** certification objectives. Please register for this unique opportunity and secure your place.

Attending this training session will enhance your professional development and position you as a distinguished Asset Management professional within the industry.

We eagerly anticipate your presence at the training session and are excited to support you in obtaining the **Awareness in Asset Management Certification - AAMC**.

Warm regards,
Diego Galar
EFNMS Chairman
